Clients are given a username and password by their local SSI office.

Clients type their username and password into the Existing accounts box to access SSI's Client Website.

When they enter the Client Website they will access only their information. There may be several "accounts" or departments associated with a single client but each one has their own unique webspace.

If you forget your login information you can have it emailed to you or call your local office for assistance.

SSI's websites are secure and private with SSL certification and data encryption.

To enter SSI's Client Website you must have a username and password issued by your local office. Once you have received your username and password enter SSI's website address into your browser: www.surgicalstaffinc.net. Look for the button "Login", when you click it you will be taken to this page. Enter your username and Password into the box titled "Existing Accounts". If for some reason your login fails click the "Forgot your password" link and your login information will be sent to your email address on file at SSI, or, call your local office for assistance.
